Revised edition of the authors' Macroeconomics, [2017]

Still Keeping it Real and More Accessible Than Ever Hubbard & O'Brien keeps it real in the third edition with updated examples, data, and end-of-chapter problems, providing the most up-to-date discussion on the recession/financial crisis and the monetary and fiscal policy response. Hubbard & O'Brien is the only book that motivates students to learn economics through real business examples. The #1 question students of economics ask themselves is: "Why am I here, and will I ever use this?" Hubbard/O'Brien answer this question by demonstrating that real businesses use economics to make real decisions daily. This is motivating to all students, whether they are business majors or not. All students can relate to businesses they encounter in their everyday lives. Whether they open an art studio, do social work, trade on Wall Street, work for the government, or bartend at the local pub, students will benefit from understanding the economic forces behind their work. The book motivates users by demonstrating how real businesses use economics to make real decisions on a daily basis.It covers the different Market Structures in an intuitive fashion so that readers of all backgrounds and fields can grasp the importance and flow of these concepts. Chapter opening cases, examples and figures motivate the economic principles covered, while Solved Problems provide models of how to solve an economic problem - keeping readers focused on the main ideas of each chapter, and preventing them from getting bogged down due to a lack of basic math or word problem skills. 0138016186 / 9780138016180 Macroeconomics with MyEconLab XL Access Kit Package consists of: 0136021824 / 9780136021827 Macroeconomics 0136124755 / 9780136124757 MyEconLab Student Access Code Card

Economics with real world business examples and applications. With changing economic realities students need to see economic principles in action combined with diverse real-world business and policy examples to help illustrate the concepts. This edition of Macroeconomics continues to present economics in the context of local and international real-world businesses and real-world policy debates that have proved effective for teaching and learning. When combined with MyLab Economics the package promotes the practical application of learning, development of analytical skills and shows how economic concepts are applied to the real world.

Revised edition of the authors's Microeconomics, [2017]

Real examples. Real companies. Real business decisions. Covering the core economics principles and providing engaging, relevant examples within just nineteen Chapters, Hubbard Essentials of Economics is the perfect teaching and learning resource for a one semester unit. The authors present economics as a dynamic, relevant discipline for Australasian students. The key questions students of first year economics ask themselves are: "Why am I here?" and " Will I ever use this? " Hubbard Essentials of Economics answers these questions by demonstrating that real businesses use economics to make real decisions every day. Each chapter of the text opens with a case study featuring a real business or real business situation, refers to the study throughout the Chapter, and concludes with An Inside Look—a news article format which illustrates how a key principle covered in the Chapter relates to real business situations or was used by a real company to make a real business decision.

For the one-semester Principles of Macroeconomics courses at 4-year & 2-year colleges and universities. Still Keeping it Real and More Accessible Than Ever! Hubbard & O'Brien keeps it real in the third edition with updated examples, data, and end-of-chapter problems, providing the most up-to-date discussion on the recession/financial crisis and the monetary and fiscal policy response. Hubbard & O'Brien is the only book that motivates students to learn economics through real business examples. The #1 question students of economics ask themselves is: "Why am I here, and will I ever use this?" Hubbard/O'Brien answer this question by demonstrating that real businesses use economics to make real decisions daily. This is motivating to all students, whether they are business majors or not. All students can relate to businesses they encounter in their everyday lives. Whether they open an art studio, do social work, trade on Wall Street, work for the government, or bartend at the local pub, students will benefit from understanding the economic forces behind their work.
