Abandoned. Unwanted. Orphan.In a time of war between mankind and fae, no one ventures outside of the safety of the human kingdom. Abandoned in the furthest corner of Amnestia, in a convent long forgotten by most, Cress grows up thinking she's nothing more than a human of horrendous skill and grace. One moment, the quiet countryside of Amnestia where she's been raised her whole life is devoid of any danger and the next, it's there. Powered by a strange magical spell, a castle appears seemingly from nowhere. Ruled by a court of fae few humans had ever laid eyes on and lived to tell the tale, Cress stumbles right into the center of three royal princes. There, she discovers that perhaps she's not a human at all, but a changeling--a fae child left behind in the ancient tradition of an extinct court. In the face of possible execution, she better hope she's a fae, because the worst thing a girl can be in the court of crimson is human.

Two of America's most popular authorities on healthy eating and cooking join forces in this delectable, inspiring and easy-to-use cookbook. Dr Andrew Weil - author of the best-selling Eating Well For Optimum Health - brings to this collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley - acclaimed for her best-seller In The Kitchen With Rosie - brings to it her innovative and delicious spa cuisine. Lifelong good health begins in the kitchen, so this is a lifestyle book as well as a cookbook. But throughout, The Healthy Kitchen emphasizes the pleasure of food - in the writing, in the anecdotes, in the commentaries, in the superb photography (including pictures of the authors at work from garden to table) and in the recipes themselves. With 135 fabulous recipes and invaluable information on what constitutes genuinely healthy eating today, this revolutionary book will change the way you cook for yourself and your family forever.

To those on the outside, the Powells are a happy family, but then a devastating accident destroys their fragile facade. When seven- year-old Henry is blamed for the tragedy, he tries desperately to make his parents happy again. With a delicate touch and masterful attention to detail, New York Times bestselling author Elizabeth Flock invites us to meet a man both ordinary and extraordinary, and to experience a life that has yet to be lived.
