As World War II rages in a series of clandestine battles that both sides deny, a Nazi plot threatens to overthrow the government and change the course of the war, and three American fighting men are thrust into a lethal maze of intrigue. Reprint.

The crackling new novel in the bestselling Honor Bound series, by the master of the military thriller. As with his other enormously popular series, the first two novels in W. E. B. Griffin's saga of World War II espionage in Germany and Argentina – Honor Bound and Blood and Honor – became immediate bestsellers and were hailed as “immensely entertaining adventures” (Kirkus Reviews). Now, in Secret Honor, Griffin creates his most rousing novel yet. In Wolf's Lair, a German general works toward the assassination of Adolf Hitler. In Buenos Aires, the general's son, code-named Galahad, falls under suspicion by the SS after a Nazi operation suddenly goes bad. In the middle of it all is OSS agent Cletus Frade, who knows the identity of father and son and what they will do next...if they can survive that long. For not only are SS and Abwehr officers hot on their trails in both countries, but the OSS has branded Frade a rogue agent and is determined to shake the truth from him, at whatever cost. If Frade can't figure a way to hold them all off, then the futures of all three men may be very short indeed.... Written with the special flair that Griffin's readers expect, filled with high drama and real heroes, Secret Honor is further proof, in Tom Clancy's words, that “Griffin is a storyteller in the grand tradition.”

October 1942. At a secret rendezvous point off the coast of neutral Argentina, a small merchant ship delivers supplies to Nazi submarines and raiders. The OSS is determined to sabotage the operation by any means necessary. But one of the key saboteurs they've enlisted—a young U.S Marine—must fight his own private battle between duty and honor. Because he was chosen for a reason—to gain trust and support of his own flesh and blood. A powerful Argentinian called "el Coronel." The father he never knew....

Based on a real military program! The US Navy's new breed of soldier is ready to make a big splash.An action-packed, maritime military adventure from the author of Dog Tags.A notorious Somali pirate sails the Arabian Sea, leading a band of deadly thieves and mercenaries on an international crime spree. When they take American hostages aboard a cargo ship, they've finally gone too far -- and a special task force of Navy SEALs and Marines is called in to help. SEALs, Marines . . . and a talented sea lion named Sly.As Sly's handler, young sailor Felix has two important jobs. Job one is to get Sly to plant a beacon so that the U.S. strike force can follow the pirates back to their haven. Job two is to keep the sea lion safe and out of combat. But when the mission goes wrong and the pirates get the upper hand, Felix and Sly end up right in the middle of the action . . . with dozens of innocent lives at stake.

Facing daunting challenges in the form of political threats against the OSS and the early stirrings of the Cold War, Cletus Frade and his colleague conduct a secret operation to counter the growing ambitions of Joseph Stalin.

October 1945. The war is over. The OSS has been disbanded. But for Cletus Frade and his colleagues in the OSS, the fight goes on... In the closing months of the war, the United States made a secret deal with Reinhard Gehlen, head of German intelligence's Soviet section. In exchange for a treasure trove of intelligence on the Soviets and their spies within the U.S. atomic bomb program, Gehlen's people would be spirited to safety in Argentina. Only a handful of people know about the deal. If word got out, all hell would break loose—and the U.S. would lose some of the most valuable intelligence sources they possess. It is up to Frade and company to keep them safe. But some people have other ideas...

In April of 1972, SEAL Lieutenant Tom Norris risked his life in an unprecedented ground rescue of two American airmen who were shot down behind enemy lines in North Vietnam, a feat for which he would be awarded the Medal of Honor—an award that represents the pinnacle of heroism and courage. Just six months later, Norris was sent on a dangerous special reconnaissance mission that would take his team deep into enemy territory. On that mission, they engaged a vastly superior force. In the running gun battle that ensued, Lieutenant Norris was severely wounded; a bullet entered his left eye and exited the left side of his head. SEAL Petty Officer Mike Thornton, under heavy fire, fought his way back onto a North Vietnamese beach to rescue his officer. This was the first time Tom and Mike had been on a combat mission together. Mike's act of courage and loyalty marks the only time in modern history that the Medal of Honor has been awarded in a combat action where one recipient received the Medal for saving the life of another. By Honor Bound is the story of Tom Norris and Mike Thornton, two living American heroes who grew up very differently, entered military service and the Navy SEAL teams for vastly different reasons, and were thrown together for a single combat mission—a mission that would define their lives from that day forward.

"Kick-ass were-coyote auto mechanic Mercedes Thompson" (Publishers Weekly) has leapt to the forefront of today's urban fantasy heroes, thanks to bestselling author Patricia Briggs. Now, Mercy finds herself in the middle of a bloodbath—with only one way out... Mercy has friends in low places—and in dark ones. And now she owes one of them a favor. Since she can shapeshift at will, she agrees to act as some extra muscle when her vampire friend Stefan goes to deliver a message to another of his kind. But this new vampire is hardly ordinary—and neither is the demon inside of him. When the undead and the werewolves sent to find him don't return, the local vampire queen turns to Mercy for help. A coyote is no match for a demon, but Mercy is determined to get her friends back—including the two werewolves circling around her heart.

Recruited by Wild Bill Donovan to set up an airline that will be an OSS front in 1943 Argentina, Marine pilot Cletus Frade monitors two German operations, including a concentration-camp smuggling ring and a Nazi protection group. 350,000 first printing.

August, 1943: In his short time as a spy with the Office of Strategic Services, young Cletus Frade has faced many unlikely situations, but nothing like his new assignment. Having helped Lieutenant Colonel Wilhelm Frogger escape a Mississippi P.O.W. camp, he must now get the defiant German to turn against his country.
