Another manifestation of what American art critic Lucy Lippard described as the "dematerialization" of art in the 1960s and '70s was found in so-called body art or performance art, where artists effectively used their own bodies and actions to produce artworks. In the first instance, body art was performed live, in front of an audience.](#)

So far, this book is amazing. I knew I liked Amelia Jones from a few articles of hers I had read on the same topic. She is just incredibly smart and insightful in debunking much theory that has come before her and answering to the predominant writing on body / performance art by Peggy Phelan and others.

The most significant flourishing of performance art took place following the decline of modernism and Abstract Expressionism in the 1960s, and it found exponents across the world. Performance art of this period was particularly focused on the body, and is often referred to as Body art. This reflects the period's so-called "dematerialization of the art object," and the flight from traditional media.

The body artists were a loose group - mostly categorized as a group by critics and art historians - which developed early within the Performance Art movement. The larger movement's main impetus was to evolve definitions of art to include situations in which time, space, the artist's presence, and the relationship between artist and viewer constituted an artwork.

Ideas of masculinity, sexual desire, and trauma are picked apart in Ron Athey's extreme body art and performance art. Athey was born in America and has centered a large part of his work around HIV awareness. His controversial work focuses on performing physical acts to his body as a way of transcending bodily pain.

The development of performance art is closely connected with the articulation of feminist issues. Artists such as Carolee Schneemann, Barbara T. Smith, Eleanor Antin, and Harmony Hammond in the U.S. utilized the most contested but most readily available material—their own bodies—to enter the political arena.

The 1970s also saw the heyday of "Body Art" (an offshoot of Performance Art), which began in the 1960s. In Body Art, the artist's own flesh (or the flesh of others) is the canvas. Body Art can range from covering volunteers with blue paint and then having them writhe on a canvas, to self-mutilation in front of an audience.

Performance art is an artwork or art exhibition created through actions executed by the artist or other participants. It may be live, through documentation, spontaneously or written, presented to a public in a Fine Arts context, traditionally interdisciplinary. Also known as artistic action, it has been developed through the years as a genre of its own in which art is presented live.
