a part of everyone's life. It is the authors' belief that if each student is given tools for handling conflict, and these tools are used each time conflict arises that soon students become proficient conflict managers. This book begins with a chapter, which introduces Peter Senge's five disciplines: Personal Mastery, Mental Models, Shared Vision, Team Building, and Systems Thinking. After reading this chapter, the reader is able to embrace the five disciplines and begin practicing the adult level. As teachers, we teach from who we are. The rest of the book is filled with actual lesson plans, which are directly tied to the Multiple Intelligences Theory and are developmentally appropriate for students. Case studies, role- plays,

For courses in the Guidance and Management of Young Children. This text examines the nature of conflict among 2- to 8-year-olds from a research-based, constructivist/ecological perspective - integrating themes of caring, building classroom community, connecting curriculum, involving family and community, and responding to the current educational climate. The author thoroughly discusses children's conflicts, emphasizing that peer and community culture make up the foundation for preventing and resolving conflict, and advocates

teaching conflict resolution skills via a "three-layer-cake" of understanding, management, and resolution. Coverage presents ways to create a caring classroom - both in physical environment and curriculum, to work with other adults in a child's life, and to implement peer mediation. Throughout, the material stresses the need to understand all children in light of applicable theory and current "best practice" in culturally responsive and inclusive classrooms.

are inevitable, often hard to navigate, and can quickly multiply and become unmanageable. And resolving conflict requires self-reflection, understanding, and vulnerability. But knowing how to tackle difficult conversations will strengthen relationships, create a more equitable community, and improve the impact educators have on the young children they work with. The first of its kind, *Finding Your Way Through Conflict* specifically focuses on conflict in early childhood education settings and gives concrete steps and strategies to help manage and resolve it productively. Authors Chris Amirault, Ph.D., and Christine M. Snyder, M.A., have decades of experience in early childhood education programs and conflict resolution.

Built on their expertise and their own experiences, the book's conflict scenarios are engaging and authentic, empowering educators to get in and out of conflict in a variety of personal, organization, and cultural contexts. Some of these scenarios include: The Discombobulated Team: The children's artwork you posted in the classroom yesterday is gone. Who took it down—and why? The Intent/Impact Disagreement: You were only trying to help! So why is that parent offended? The Unexpected Disaster: Your team planned every aspect of that difficult parent meeting for days. So why was it such a catastrophe? A free PLC/Book Study Guide is available at [freespirit.com/plc](http://freespirit.com/plc).
