Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel
First published in 1989 as Tuning New Generation Engines, this best-selling book has been fully updated to include the latest developments in four-stroke engine technology in the era of pollution controls, unleaded and low-lead petrol, and electronic management systems. It explains in non-technical language how modern engines can be modified for road and club competition use, with the emphasis on power and economy, and how electronic management systems and emission controls work.

From one of Japan's most accomplished artists comes this new graphic novel, the unsettling saga of twin sisters born one dark and stormy night in Tokyo: one normal, and one a demon baby with a taste for blood - a Hell Baby. Tossed into a garbage dump, Hell Baby dies in the plastic bag but is brought back to life by an unworldly bolt of lightning. Hell Baby develops hard-earned hunting techniques to survive life among the wild animals who roam the garbage dump. After struggling along for seven years, she seeks revenge for her fate and returns to the city, where she applies her hunting skills for survival - this time against the good citizens of Tokyo.

An understandable introduction to the theory of structural stability, useful for a wide variety of engineering disciplines, including mechanical, civil and aerospace.
