Gabriel Tauhou, the leader of the silver dragons, can 't take his eyes of May Northcott—not even when May, who has the unique talent of being able to hide in the shadows, has slipped from everyone else 's sights. May, however, has little time for Gabriel—not when she 's hiding from the Otherworld law, hunting down a blackmailer, and trying to avoid a demon lord 's demands. But her ability to withstand Gabriel 's fire marks her as his mate, and he has no intention of letting her disappear into the darkness she seems to prefer. Then May is ordered to steal one of Gabriel 's treasures—an immensely important relic of all dragonkin—and he must decide which to protect: his love or his dragons.

Though May Northcott 's heart belongs to Gabriel Tauhou, leader of the silver dragons, being stuck in Abaddon has significantly cooled down her love life—especially since a demon lord is trying to woo her. So far, May has resisted his efforts, but it 's getting increasingly harder to thwart disaster. So May is shocked when Gabriel encourages her to give in to the demon prince. But her fire-breathing boyfriend has an ulterior motive. Since May was created in the mortal world, her surrender would give her master access to that world, where he would lose most of his powers. It looks as though May will have to barter to gain her freedom and fulfill her destiny by Gabriel 's side. But will a deal with the devil make life heaven or hell?

May Northcott is a woman at the end of her rope. She 'd almost gotten used to her employer, the ex-demon lord Magoth, spending his days hanging around her home and interrupting her private moments with her dragon lover Gabriel. Then trouble appears in the form of a nearly dead man on her doorstep. With May fighting to control the dragon shard, Magoth wrangling to regain his position and powers, and a mysterious and deadly dragon bent on their destruction, Gabriel has his work cut out for him. Now, he 'll have to claw his way through all the distractions and convince May that their love is strong enough to conquer all of their enemies.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Playing with Fire: Silver Dragons, Book 1." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

"He Walks with Dragons" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the na 've innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. " From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees. " And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.
