Business Insider calls The ENTREPRENEUR'S GUIDE "perhaps the most useful business book you can ever read" and lists it among twenty-five must-read books for entrepreneurs. THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY. SE examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the "gig" economy, "crowdsourcing" capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This title covers the law of business associations for introductory courses. It discusses business organizations, including agency, general partnerships, closely held corporations, publicly held corporations, limited partnerships, limited liability partnerships, and limited liability companies. The material on the unincorporated business forms has been revised, updated, and expanded to reflect the centrality of these forms of business organization in modern law practice and in the economy generally. Among other state and model statutes, the Revised Uniform LLC Act (2006), the Revised Uniform Partnership Act (1997), the Uniform Limited Partnership Act (2001), and the Third Restatement of Agency (2006) are discussed and cited.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

In the 21st century, one of the most noteworthy changes in the human rights debate relates to the increased recognition of the link between business and human rights. This book is an attempt to explore this relationship and also to look into the obligations of the state and transnational corporations in the promotion of human rights. Business and Human Rights discusses how globalization has affected individuals in the enjoyment of their human rights in relation to the activities of corporations. The book addresses what additional steps the states should take to protect against human rights abuses by business enterprises that are owned or controlled by the state. Moreover, it covers, in depth, the role and contribution of the United Nations in business and human rights. The book includes several real-life case studies to help the readers understand the topics discussed.

Understanding the corporation means understanding its legal framework, but until recently the origins and evolution of corporate law have received relatively little attention. The topical chapters featured in this Research Handbook, contributed by leading scholars from around the world, examine the historical development of corporation and business organization law in the Americas, Europe, and Asia from the ancient world to modern times, providing an invaluable resource for both further historical research and scholars seeking the origins of present-day issues.

The Routledge Handbook of Corporate Law provides an accessible overview of current research in the field, from an international and comparative perspective. In recent years there has been an explosion of corporate law research, as this area of law continues to develop rapidly throughout the world. Traditionally, Anglo-American corporate law theory has dominated debates and publications; however, this handbook readdresses the balance by exploring the treatment of corporate law in both Europe and Asia, as well developments in the US and UK. Bringing together a wide range of key thinkers in the field, this volume is divided into three main parts: Thinking about corporate law Corporate law principles and governance Some cross-cultural comparisons Providing up-to-date and authoritative articles covering all the key aspects of corporate law, this reference work is essential reading for advanced students, scholars and practitioners in the field.

Dozens of judicial opinions have held that shareholders own corporations, that directors are agents of shareholders, and even that directors are trustees of shareholders' property. Yet, until now, it has never been proven. These doctrines rest on unsubstantiated assumptions. In this book the author performs a rigorous, systematic analysis of common law, contract law, property law, agency law, partnership law, trust law, and corporate statutory law using judicial rulings that prove shareholders do not own corporations, that there is no separation of ownership and control, directors are not agents of shareholders, and shareholders are not investors in corporations. Furthermore, the author proves the theory of the firm, which is founded on the separation of ownership and control and directors as agents of shareholders, promotes an agenda that willfully ignores fundamental property law and agency law. However, since shareholders do not own the corporation, and directors are not agents of shareholders, the theory of the firm collapses. The book corrects decades of confusion and misguided research in corporate law and the economic theory of the firm and will allow readers to understand how property law, agency law, and economics contradict each other when applied to corporate law. It will appeal to researchers and upper-level and graduate students in economics, finance, accounting, law, and sociology, as well as attorneys and accountants.

Business law encompasses the law governing contracts, sales, agency, employment law, business organizations, property, and bailments. Business law may include issues such as starting, selling, or buying a small business, managing a business, dealing with employees, and dealing with contractual issues. Other areas include insurance, wills and estate planning, consumer and creditor protection, advertising and marketing. Business Law for People in Business discusses, in layman's terms, the most common legal issues that face today's small business owners. About the Authors: William "Bill" Glover, J.D. - William H. Glover drafts forms, legal digests, and legal summaries for U.S. Legal Forms. He received his B.B.A. degree from the University of Mississippi in 1973 and his J.D. degree from the University of Mississippi School of Law in 1976. He joined the firm of Wells Marble & Hurst in 1976 as an Associate and became a Partner in 1979. While at Wells, he supervised major real estate commercial loan transactions and employment law cases. His practice also involved estate administration and general commercial law. Mr. Glover joined the faculty of Belhaven University in Jackson, Mississippi in 1996 as Assistant Professor of Business Administration and University Attorney, where he taught business law and business ethics in the BBA and MBA programs until 2004, before a short stay at Wells Marble & Hurst, PLLC as General Counsel. Mr. Glover retired as a Colonel and Staff Judge Advocate for Headquarters of the Mississippi State Guard. He was called to active duty during Hurricanes Dennis, Katrina, and Gustav. He received the Magnolia Medal from the Mississippi Army National Guard in 2010. Daniel Adrian Doss, Ph.D. -- Dr. Doss's background includes Associate Professor, College of Business and Technology, University of West Alabama; Assistant Professor, Belhaven College; Adjunct Assistant Professor, Embry-Riddle Aeronautical University; and Chair of Graduate Business and Management, University of Phoenix (Memphis). His professional career consisted of software engineering and analytical positions in both the defense and commercial industries. Corporate entities included full-time and contract positions with Federal Express and uMonitor.com, and contract positions, via Data Management Consultants, with Lorai Corporation (formerly IBM Federal Systems) and Lockheed-Martin. Additional credentials include Colonel, Mississippi State Guard, where he serves as an intelligence officer; graduate of the Lafayette County Law Enforcement Officer Training Academy (Mississippi); and graduate of the Law Enforcement Mobile Video Institute. He has also co-authored a variety of peer-reviewed journal articles and conference proceedings. His education consists of a D.Litt. et. Phil. in Police Science, University of South Africa; Ph.D. in Business Administration, Northcentral University; M.C.J. in Homeland Security, University of Mississippi; M.A. in Computer Resources and Information Management, Webster University; M.B.A., Embry-Riddle Aeronautical University; Graduate Certificate in Forensic Criminology, University of Massachusetts (Lowell); Graduate Certificate in Non-Profit Financial Management, University of Maryland (Adelphi); and a B.S. in Computer Science with a Mathematics minor, Mississippi State University. He is currently pursuing a third doctorate, in higher education administration, at Jackson State University.
