'Six Weeks' deals with one of life's hardest dilemmas - an unplanned pregnancy. The author, Jessica Degarmo cleverly takes the reader through the whole gambit of emotions and choices without once moralising on behalf of the reader - something that would have been very easy to do, inadvertently or otherwise.

Six Weeks by Jessica L. Degarmo - Goodreads

A thirty-day vocabulary building program which includes a pronunciation guide and word origins and histories

In this international bestseller, a “twisty tale of secrets and lies that reverberate across generations of a dysfunctional family” (Michele Campbell, author of *The Wife Who Knew Too Much*), a woman diagnosed with cancer sets out to discover if someone poisoned her before her time is up. Jennifer Barnes never expected the shocking news she received at a routine doctor’s appointment: she has a terminal brain tumor—and only six weeks left to live. While stunned by the diagnosis, the forty-eight-year-old mother decides to spend what little time she has left with her family—her adult triplets and twin grandsons—close by her side. But when she realizes she was possibly poisoned a year earlier, she’s determined to discover who might have tried to get rid of her before she’s gone for good. Separated from her husband and with a contentious divorce in progress, Jennifer focuses her suspicions on her soon-to-be ex. Meanwhile, her daughters are each processing the news differently. Calm medical student Emily is there for whatever Jennifer needs. Moody scientist Aline, who keeps her mother at arm’s length, nonetheless agrees to help with the investigation. Even imprudent Miranda, who has recently had to move

back home, is being unusually solicitous. But with her daughters doubting her campaign against their father, Jennifer can't help but wonder if the poisoning is all in her head—or if there's someone else who wanted her dead. "Part whodunnit, part family drama, this textured and utterly spellbinding story unravels in surprising ways you won't see coming" (Christina McDonald, USA TODAY bestselling author).

In a rousing account of one of the critical turning points in American history, *Through the Perilous Fight* tells the gripping story of the burning of Washington and the improbable last stand at Baltimore that helped save the nation and inspired its National Anthem. In the summer of 1814, the United States of America teetered on the brink of disaster. The war it had declared against Great Britain two years earlier appeared headed toward inglorious American defeat. The young nation's most implacable nemesis, the ruthless British Admiral George Cockburn, launched an invasion of Washington in a daring attempt to decapitate the government and crush the American spirit. The British succeeded spectacularly, burning down most of the city's landmarks—including the White House and the Capitol—and driving President James Madison from the area. As looters ransacked federal buildings and panic gripped the citizens of Washington, beleaguered American forces were forced to regroup for a last-ditch defense of Baltimore. The outcome of that "perilous fight" would help change the outcome of the war—and with it, the fate of the fledgling American republic. In a fast-paced, character-driven narrative, Steve Vogel tells the story of this titanic struggle from the perspective of both sides. Like an epic novel, *Through the Perilous Fight* abounds with heroes, villains, and astounding feats of derring-do. The vindictive Cockburn emerges from these pages as a pioneer in the art of total warfare, ordering his men to "knock down, burn, and destroy" everything in their path. While President Madison dithers on how to protect the capital, Secretary of State James Monroe personally organizes the American defenses, with disastrous results. Meanwhile, a prominent Washington lawyer named Francis Scott Key embarks on a mission of mercy to negotiate the release of an American prisoner. His journey will place him with the British fleet during the climactic Battle for Baltimore, and culminate in the creation of one of the most enduring compositions in the annals of patriotic song: "The Star-Spangled Banner." Like Pearl Harbor or 9/11, the burning of Washington was a devastating national tragedy that ultimately united America and renewed its sense of purpose. *Through the Perilous Fight* combines bravura storytelling with brilliantly rendered character sketches to recreate the thrilling six-week period when Americans rallied from the ashes to overcome their oldest adversary—and win themselves a new birth of freedom. Praise for *Through the Perilous Fight* "Very fine storytelling, impeccably researched . . . brings to life the fraught events of 1814 with compelling and convincing vigor."—Rick Atkinson, Pulitzer Prize-winning author of *An Army at Dawn* "Probably the best piece of military history that I have read or reviewed in the past five years. . . . This well-researched and superbly written history has all the trappings of a good novel. . . . No one who hears the national anthem at a ballgame will ever think of it the same way after reading this book."—Gary Anderson, *The Washington Times* "[Steve] Vogel does a superb job. . . . [A] fast-paced narrative with lively vignettes."—Joyce Appleby, *The Washington Post* "Before 9/11 was 1814, the year the enemy burned the nation's capital. . . . A splendid account of the uncertainty, the peril, and the valor of those days."—Richard Brookhiser, author of *James Madison* "A swift, vibrant account of the accidents, intricacies and insanities of war."—Kirkus Reviews

"Often fresh out of school, still with their recent Latin lessons fresh in their minds, many junior officers in the First World War went straight from being prefects to having to lead their men in a charge over the top, knowing that the German machine guns would be trained on the man at the front, knowing that so many of their predecessors had fallen before them. In this remarkable book, John Lewis-Stempel focuses on the oft-overlooked men who were crucial to Britain's war effort, the men who had to persuade the ordinary Tommy to follow them into action. Basing his account on a huge range of first person accounts, including poignant letters and diaries sent home or back to their school, Lewis-Stempel reveals what motivated these men who faced an average life expectancy of just six weeks once they reached the frontline. He shows the life they led in the trenches, how they sought to keep up the spirits of their men, and how they tried to behave with honour in a world where their codes of conduct were being quite literally shot to pieces."--Publisher's description.
