The Devil's Web (Web Trilogy Series #3) by Mary Balogh ...

Of the three novels, \"The Devil's Web\" was the most difficult to like. The hero is dark, tortured and brooding; the heroine beautiful and perhaps a little spoiled. Neither can explain the attraction they feel toward each other. Madeleine has been pulled into relationships in the past because of her need to heal wounded men.

I have been a big fan of Mary Balogh's for a long time. I first read the "Web of Love" series years ago when it first came out. I have enjoyed getting to know the Raine siblings again. Of the three novels, "The Devil's Web" was the most difficult to like.

Amazon.com: Customer reviews: The Devil's Web (Dell ...

Mary Balogh is, for me, the current best writer of Regencies (although Georgette Heyer was, of course, the utter master). Balogh's writing career has spanned several decades and this book, along with the previous two in the series ('The Gilded Web' and 'Web of Love') were originally published in the early 1990s and have now been reissued.

BONUS: This edition contains an excerpt from Mary Balogh's *The Secret Mistress*. Sensual. Seductive. Emotional. No one stirs the heart and imagination like Mary Balogh. In this classic novel, the New York Times bestselling author weaves a spellbinding tale of two people haunted by desire, unable to resist the love that has become their most passionate obsession. When James Purnell walks into the London drawing room and sees Lady Madeline Raine, time stops. Once she had been his for the taking. Now she is an aloof, beautiful stranger, determined to keep the devilishly handsome nobleman from seducing her again. But after four years apart, desire reignites—swift, hot, irresistible—culminating in a night of reckless lovemaking. Suddenly Madeline is faced with an unbearable choice: marry with no hope of love or risk certain ruin. Her decision will have consequences she never imagined, as she makes a shocking discovery about the man she secretly loves. What she doesn't know is how far James will go to right the wrongs of the past—and how much he's willing to risk for the woman who already owns him—body, heart, and soul.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

When Europeans settled in the early South, they quarreled over many things—but few imbroglios were so fierce as battles over land. Landowners wrangled bitterly over boundaries with neighbors and contested areas became known as "the devil's lane." Violence and bloodshed were but some of the consequences to befall those who ventured into these disputed territories. *The Devil's Lane* highlights important new work on sexuality, race, and gender in the South from the seventeenth- to the nineteenth-centuries. Contributors explore legal history by examining race, crime and punishment, sex across the color line, and slander. Emerging stars and established scholars such as Peter Wood and Carol Berkin weave together the fascinating story of competing

agendas and clashing cultures on the southern frontier. One chapter focuses on a community's resistance to a hermaphrodite, where the town court conducted a series of "examinations" to determine the individual's gender. Other pieces address topics ranging from resistance to sexual exploitation on the part of slave women to spousal murders, from interpreting women's expressions of religious ecstasy to a pastor's sermons about depraved sinners and graphic depictions of carnage, all in the name of "exposing" evil, and from a case of infanticide to the practice of state-mandated castration. Several of the authors pay close attention to the social and personal dynamics of interracial women's networks and relationships across place and time. *The Devil's Lane* illuminates early forms of sexual oppression, inviting comparative questions about authority and violence, social attitudes and sexual tensions, the impact of slavery as well as the twisted course of race relations among blacks, whites, and Indians. Several scholars look particularly at the Gulf South, myopically neglected in traditional literature, and an outstanding feature of this collection. These eighteen original essays reveal why the intersection of sex and race marks an essential point of departure for understanding southern social relations, and a turning point for the field of colonial history. The rich, varied and distinctive experiences showcased in *The Devil's Lane* provides an extraordinary opportunity for readers interested in women's history, African American history, southern history, and especially colonial history to explore a wide range of exciting issues.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Discover the haunting, untold true story of Mary Eleanor Pearcey, whose crimes inspired speculation that Jack the Ripper was a woman. *Woman at the Devil's Door* is a thrilling look at a notorious murderer and the webs she wove.

Godzilla, a traditional natural monster and representation of cinema's subgenre of natural attack, also provides a cautionary symbol of the dangerous consequences of mistreating the natural world--monstrous nature on the attack. Horror films such as *Godzilla* invite an exploration of the complexities of a monstrous nature that humanity both creates and embodies. Robin L. Murray and Joseph K. Heumann demonstrate how the horror film and its offshoots can often be understood in relation to a monstrous nature that has evolved either deliberately or by accident and that generates fear in humanity as both character and audience. This connection between fear and the natural world opens up possibilities for ecocritical readings often missing from research on monstrous nature, the environment, and the horror film. Organized in relation to four recurring environmental themes in films that construct nature as a monster--anthropomorphism, human ecology, evolution, and gendered landscapes--the authors apply ecocritical perspectives to reveal the multiple ways nature is constructed as monstrous or in which the natural world itself constructs monsters. This interdisciplinary approach to film studies fuses cultural, theological, and scientific critiques to explore when and why nature becomes monstrous.

Award-winning historian Mary Beth Norton reexamines the Salem witch trials in this startlingly original, meticulously researched, and utterly riveting study. In 1692 the people of Massachusetts were living in fear, and not solely of satanic afflictions. Horrifyingly violent Indian attacks had all but emptied the northern frontier of settlers, and many traumatized refugees--including the main accusers of witches--had fled to communities like Salem. Meanwhile the colony's leaders, defensive about their own failure to protect the frontier, pondered how God's people could be suffering at the hands of savages. Struck by the similarities between what the refugees had witnessed and what the witchcraft "victims" described, many were quick to see a vast conspiracy of the Devil (in league with the French and the Indians) threatening New England on all sides. By providing this essential context to the famous events, and by casting her net well beyond the borders of Salem itself, Norton sheds new light on one of the most perplexing and fascinating periods in our history.

Discover the haunting untold true story of the woman whose crimes inspired speculation that Jack the Ripper was a woman. On October 24, 1890, a woman was discovered on a pile of rubbish in Hampstead, North London. Her arms were lacerated and her face bloodied; her head was severed from her body save a few sinews. Later that day, a blood-soaked stroller was found leaning against a residential gate, and the following morning the dead body of a baby was found hidden underneath a nettle bush. So began the chilling story of the Hampstead Tragedy. Eventually, Scotland Yard knocked on the door of No. 2 Priory Street, home to Mary Eleanor Pearcey, the pretty 24-year-old mistress whose dying request was as bizarre and mysterious as her life. *Woman at the Devil's Door* is a thrilling look at this notorious murderer and the webs she wove.

From the New York Times bestselling author of the *Survivor's Club* novels comes "an epic love story" (*Publishers Weekly*) of intrigue and deception and the promises that can break a heart. "I will love you all my life and even beyond that." Even at fifteen, Jeanne, the privileged daughter of a royalist émigré, knew what she liked: Englishman Robert Blake, bastard son of a marquess. Yet his questionable birth rendered him forbidden. Forced to part, they were still young enough to believe in tomorrow. But as time passed, that brief ephemeral flirtation at Haddington Hall faded into memory. Eleven years later in Portugal, during the Peninsular Wars, they meet again, both of them spies, and destined to be working on opposing sides. He is now a captain with the British army. She is the widowed Marquesa das Minas--sometimes going by the name Joana da Fonte. However for only one of them does the flicker of recognition still burn. Amid the fury of war and in the shadow of secrets, passion flares once again. But for Joana and Robert, each entrusted to a dangerous mission that demands deception, falling in love could be the most dangerous risk of all.
