successfully in today's workplace. The book offers concise and accessible yet thorough coverage of audience and purpose, research, style, and document design, and strategies for designing all of the major document types. For the second edition, Markel has worked with organizations to choose sample documents and annotate them with insights and advice from the employees who developed them. Throughout the text, a new set of engaging graphics provides visual explanations of key concepts.

Offering both a textual reading and discourse analysis of contemporary Israeli television dramas, Itay Harlap adopts a case study approach in order to address production, reception and technological developments in its accounts. His premise is that the meeting point between social trends within Israeli society (primarily the rise of opposition groups to the hegemony of the Zionist-Jewish-masculine-Ashkenazi ideologies) and major changes in the medium in Israel (which are comparable to international changes that have been titled "post-TV"), led to the creation of television dramas characterized by

joining, moulding and turning. In addition Clark gives full details on techniques of decoration, tools and equipment, kilns and firing, glazes, pigments and stains finishing with a full glossary. He also suggests ways in which potters can extend their techniques of production to meet the needs of changing markets and conditions, whilst trying to keep a balance between the work of the artist innovator and the production potter or ceramicist.
